

Waquar Mahboob

Frontend Engineer | React.js • Next.js • TypeScript | High-Performance Web Applications

About Me

Frontend Developer with 2+ years of experience building scalable, high-performance, user-focused web applications using React.js, Next.js, and TypeScript. Transitioned from an engineering background into software development with a strong focus on execution, ownership, and business impact.

Hands-on in delivering production-ready features, optimizing performance, SEO, and Lighthouse scores, and building clean, maintainable UI architectures. Experienced in SSR, REST API integration, state management, testing, and CI/CD workflows, working closely with cross-functional teams in Agile environments. Thrive in fast-paced, high-ownership teams, staying close to the code and focused on building reliable products that scale.

visa Visa Status: UAE Visit Visa

📍 Relocation: Open to immediate relocation within UAE and GCC

Skills

Programming Languages: JavaScript (ES6+), TypeScript

Frontend & Web Technologies: HTML5, CSS3, SCSS, Tailwind CSS, Bootstrap, Material UI (MUI)

Frameworks & Libraries: React.js, Next.js, Redux, Zustand, React Query (TanStack Query), TanStack Table, AG Grid, Zod, Shadcn UI, Radix UI, Lucide React, Tabler Icons

State Management & Data Handling: Redux, Zustand, React Query, REST APIs, JSON

Testing & Quality Assurance: Jest, React Testing Library, Unit Testing

Build Tools & Development Tools: Git, NPM, Yarn, Webpack, Babel, Vite, ESLint, Prettier, Husky

DevOps & Platform Tools: Docker, CI/CD Workflows

Web Integrations & Protocols: GraphQL, Socket.io, Electron, OAuth2, JSON Web Token (JWT), i18n

Analytics & Performance Optimization: Lighthouse, Google Tag Manager, WebEngage, SEO Optimization, Web Performance Optimization, Software Efficiency, Code Refactoring, Web Security

Professional Skills: UI/UX Design Principles, Cross-Browser Compatibility, Clean Code Practices, Component-Based Architecture, Agile/Scrum Collaboration, Communication & Team Collaboration

Education

Master of Computer Applications (MCA)

Aligarh Muslim University | Aug 2021 – Jun 2023

Bachelor of Science in Computer Applications

Aligarh Muslim University | Aug 2018 – Jun 2021

Languages

English – Professional Proficiency

Hindi – Native

Urdu – Native

Experiences

Frontend Developer | EazyDiner

Jan 2023 – Present

Developed and maintained scalable, high-performance, production web applications using React.js, Next.js, and TypeScript, aligned with business and user requirements. Led migration of a legacy frontend to Next.js, improving Core Web Vitals, reducing page load time by 35%, and increasing Lighthouse scores to 90%. Took end-to-end ownership of frontend delivery during a critical transition period, ensuring stable builds, smooth deployments, and on-time releases. Contributed to The Culinaire, an exclusive dining platform for HSBC members, delivering responsive, SEO-optimized experiences across desktop and mobile. Implemented SSR, code splitting, lazy loading, and optimized data fetching, improving routing and application performance by 70–80%. Integrated RESTful APIs using Zustand and React Query, optimized payment workflows, and reduced production issues through unit and integration testing. Collaborated with product managers, designers, QA, and backend engineers in Agile/Scrum environments, actively participating in sprint planning, code reviews, and CI/CD processes.

Frontend Developer | Sofyrus Technologies

Feb 2020 – Dec 2022

Worked on frontend development and UI implementation for web applications, dashboards, and automation tools using React.js, JavaScript, and Electron.js. Automated web and PDF-based workflows using RPA tools and PDF-LIB, reducing manual effort by 70%. Built reusable components and dynamic forms using React Hook Form, integrated backend APIs, and ensured responsive design and cross-browser compatibility. Supported development of a no-code platform and Chrome extension, collaborated with designers to convert UI/UX wireframes into pixel-perfect interfaces, and followed clean, component-driven development practices.
